Several automobiles were fined \$20 each in the police court this morning for violating the speed law, and on some were imposed fines of twice this amount. The Council has fixed the auto speed in Petersburg at sixteen miles, and went further in raising the fine for violation as high as \$100.

AMUSEMENTS
Juggling, Comedy and Lariat Work.
Whoever heard of an opener, and a juggler at that, stopping a vaudeville bill before it had got well started? That's what a man named Noble did at the Lyric last night, just the same. He doesn't do any mystery stuff, praise be, there isn't a trick trunk or an enchanted cabinet in his entire collection of props—including his near-voting partner, whose name is also Noble—but he is about the fastest, cleverest straight juggler the town has seen, and he actually did stop the performance last night.

He is followed by James Silver and Helen Duval, in a diverting rube dialogue turn, marked by the uncommonly good legitimate acting of Mr. Silver. They close with a bit of xylophone, or marimba, playing, but the comedy of the man is the act.

Becho Grey, assisted by a woman and a high-school horse, offers an interesting and highly skilled exhibition of rope throwing. Mr. Grey's work is modeled after that of Will Rogers, but he can rope rings around that famous exponent of cowboy comedy—as a lariat thrower.

Avelling and Lloyd, well known here, return with a new line of bright and altogether foolish patter, and hold the stage as long as they want to, though not long enough for the audience.

Kaplan Kidder Company with which the show closes, is billed as "an operatic comedy," though it is neither operatic nor comic. Of the five people in the act, the tenor has a pretty voice and Harry Delmore, the comedian, is a hard worker.

Charge of Reckless Driving is Brought Against L. B. Sverdena, of Suffolk.

Boyle's machine after striking several other cars. Sverdena is said to have made no effort to stop his car after the collision until Detective Sergeant Willy and Kellam leaped to the running boards and ordered him to do so.

These officers were joined a few minutes later by Policeman Talley and Traffic Officer Dutton. Sverdena was arrested and sent to the First Precinct Station on a charge of being drunk and recklessly driving an automobile through the streets. The machine which he was driving was damaged, as was that owned by Dr. Boyle.

ASHLAND IS CONFIDENT

Believes Majority of Hanover County Voters Will Favor Removal of Courthouse.

ASHLAND, Va., August 14.—It is expected that practically every voter in Hanover County will go to the polls tomorrow to cast a ballot on the question of moving the county courthouse from Hanover to Ashland. Almost every section of the county has been covered by the workers here in favor of the change. Many meetings have been held, the campaign closing to-night with a meeting at Cold Harbor.

County Supervisor C. S. Luck said to-night: "The changes of the past few days have been in our favor. The prospects seem to me very bright." Rev. S. Maehen, of the State Legislative Reference Bureau, has completed a collection of the statute law in force in all of the States of the Union, and in Alaska, Hawaii, Porto Rico and the Philippines. The codes will be kept up-to-date and used by the bureau in compiling the bulletins prepared by it during the intervals between sessions of the Legislature, and in drafting bills for the members when the General Assembly is in session. Mail inquiries about the statute law of the dependencies or of any State will receive prompt attention.

On August 25, Director Maehen will make a ten-day excursion into the Middle West for the purpose of inspecting the progressive legislative bureaus conducted by the central States in that section of the country.

COULDN'T WALK, WAS SO WEAK
Mr. Jones Tells of His Weakness, Run Down Condition.

Took Tanlac and It Put Him on His Feet.

"Following a severe attack of fever some time since, I have been in a terrible weakened condition and could hardly walk across the room without fatigue. I spent most of my time lying down, and my whole system seemed unable to gain strength. I had frequent spells of nose bleed," said Junius Jones, 1821 Beverly Street, and was completely broken down. My family was very uneasy about my condition, and thought I should take Tanlac, which I did, with wonderful results. Tanlac absolutely put me on my feet, and I'm able now to attend to my ice business, which requires strength and hard work these days. It did wonders for me, and my folks will agree with me when I say it is a great remedy and tonic, worthy every bit of praise it is receiving from so many Richmond people now," continued Mr. Jones, in describing the quick and permanent relief he experienced because of Tanlac's remarkable powers in cases where the vital organs of stomach, kidneys or liver are lame, weakened or deranged by strains, overwork, sickness or excesses of modern day methods of overdoing.

Nature demands and deserves a boost when run down, run the system a chance to become normal again. Be healthy and stay healthy; and for another chance nothing so far perfected equals the new medicine thousands here endorse. Buy a dollar bottle of Tanlac at Tragle's pharmacy or either of the three Polk Miller drug stores to-day. If run down, weakened or troubled with any of the kindred ailments often mentioned as spring lethargy—Advertisement.

OCCASIONALLY, a more heavy, full-powered cigarette than Fatima tastes mighty good. But heavy cigarettes are a little too "oily" and rich to suit most men for long. You are certain to find more comfort in a delicately balanced blend like Fatima. Because Fatimas leave a man feeling keen and fit even after smoking more often than usual. That's why they're sensible. Prove it yourself.
